What to wear

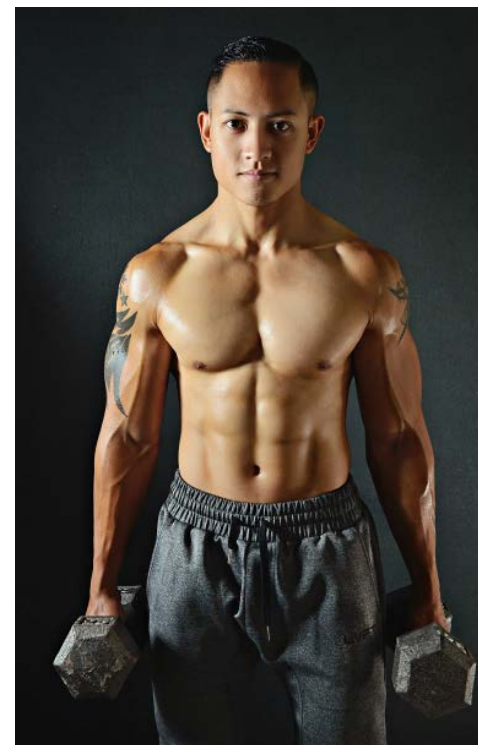

The best thing is to wear something you feel confident in!

Tips

- Opt to bring pieces that can be layered to add more variety like a suit jacket.
- I love colors- but make sure to bring one outfit that's neutral & classic -be able to use that image longer and more often
- shorts look great if you're in fitness competition but otherwise- pants look best and classy
- Don't forget details. If you ride a motorcycle, often wear hats, favorite watches, play a sport, or something that shows YOU- let's discuss it so we can use those too

Where to shop

You probably don't need to buy anything new but if you're not sure, I'm always here to talk through a look you want.
